

# SlideRenu®

## CHLORINE-RESISTANT EDGEPAD™

## PROTECT YOUR GUESTS ABOVE THE WATERLINE WITH EDGEPAD™

SlideRenu® has “re-engineered” the protective corner pad. We have eliminated the need to drill holes and install bolts. Our EdgePad™ is glued down to the pool floor and decking with a contact adhesive developed specifically to bond closed cell foam to a variety of hard underwater substrates. We have enhanced the safety aspects, corners and softness of the landing surface by featuring a proprietary textured slip resistant EVA material and meets ASTM – 1292 critical fall height requirements up to 7' and is UV and slip-resistant certified by a leading sports laboratory. The landing surface is covered under our comprehensive warranty against wear and tear.

### VERSATILE, EASY TO INSTALL

- No bolts, screws, fasteners or drilling holes required.
- Indoor or outdoor use.
- Adheres to any surface, above or below the water line.
- Can be custom-made to accommodate any pool gutter pattern.
- Install at the edge of any pool requiring a slip-resistant protective corner.

### WATERPROOF, CHLORINE RESISTANT

- Slip resistant and closed cell foam are impervious to water.
- Hygienic, fungistatic and algae resistant.
- Fade resistant EVA/XLPE closed cell foam technology.

### SAFE & DURABLE

- Meets ASTM critical fall height protection up to 7'.
- Soft beveled edges and borders.
- Retains slip resistant texture and repeated impact
- Guaranteed not to float!

### WARRANTY

- 2 YEAR warranty against surface cracking, fading, disintegration, foam compression and loss of slip resistant properties.

Meets ASTM  
standard for  
7' Fall Height

PRICING	PRODUCT #	PRICE
EdgePad™ is customized to fit a variety of pool edge configurations and pricing varies.		
4' x 6' x 12"	EP4612	\$3,175
4' x 8' x 12"	EP4812	\$3,975
Bolt down kit available		\$250
